

Zody® Task

Task & Collaborative Seating

CONTRIBUTIONS TO LEED®

HAWORTH®

Zody Task Contributions to LEED

Minimize impact. Maximize investment. Zody is durable and adaptable so it will keep working for you through many years of change. Zody products may contribute to the individual prerequisites and credits of LEED. Because LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED certified products—only ways of using and applying products to support the criteria.

Zody Task contributes to the following LEED Certifications:

LEED ID+C

LEED BD+C

LEED EB: O&M

LEED Core & Shell Development

Zody® Task Contributions to LEED®

Product Name: Zody Seating
 LEED Rating System: LEED Interior Design & Construction

Materials & Resources

Credit 2	Construction Waste Management <i>Zody packing materials include cardboard, polyethylene and polypropylene banding, all of which are easily recycled in many markets. Blanket wrap options may also be available to eliminate virtually all packaging waste.</i>	1-2 points
Credit 3.2	Materials Reuse --- Furniture and Furnishings <i>Zody chairs are designed for long life, and can be refurbished, contributing to this point on future projects.</i>	1 point
Credit 4	Recycled Content <i>Zody chairs may contribute to this point as a typical chair contains 19% post-consumer and 32% pre-consumer recycled content.</i>	1-2 points
Credit 5	Regional Materials <i>Zody chairs may contribute to this point depending on the project location. Zody chairs are manufactured in Bruce, Mississippi.</i>	1-2 points
Credit 6	Rapidly Renewable Materials <i>Several fabrics available for Zody chairs are made with rapidly renewable materials such as cotton or wool.</i>	1 point

Indoor Environmental Quality

Credit 3.2	Construction IAQ Management Plan --- Before Occupancy <i>Low-emitting Zody chairs reduce emissions during construction and flush-out.</i>	1 point
Credit 4.5	Low Emitting Materials --- Systems Furniture and Seating <i>Zody chairs are Greenguard certified.</i>	1 point

Innovation & Design Process

Credit 1	Innovation in Design Exemplary Performance <i>Innovation points may be achieved when a project substantially exceeds a LEED-CI performance credit. For instance, an innovation point may be awarded for achieving 30% recycled content on a LEED-CI 2.0 project. Zody can contribute to achieving this higher level of recycled content.</i>	1 point

Credit 6	Rapidly Renewable Materials <i>Several fabrics available for Zody chairs are made with rapidly renewable materials such as cotton or wool.</i>	1 point

Innovation & Design Process

Credit 1	Innovation in Design Innovation Credit for Low Emitting Furniture <i>Low emitting furniture may be applied toward an innovation credit for LEED-NC following the criteria of LEED-CI EQ Credit 4.5. Zody seating is Greenguard certified as low emitting and may contribute to earning this Innovation credit.</i>	1 point
